"Another day, another Angel attack…" Shinji mutters as he walks towards the pilot changing room, stretching his slim, but strong arms as he walks alongside Rei and Asuka. The two other pilots also called in order to be on standby, just in case. "Here's hoping that this one doesn't take long."

"Ah shut it, Shinji, live a little!" Asuka said in a lively manner, patting Shinji's back roughly, though the 1st Pilot now has more muscles so it doesn't affect him that much compared to before. "If it all goes to shit we got your back anyhow. So don't be a sourpuss~."

"Pilot Soryu is way too blaise for the operation." Rei says monotonously, though a small smile is on her face as she does so. Both Rei and Asuka's skirts are way too short for how fat their asses are, and their blouses and school uniforms are practically stretched to their bodies. Their fat, E and EE-cup titties bouncing around as they walked since they can't find good bras to cup those fat knockers. "She does have a point though, we have your back, Pilot Ikari."

Shinji, of course, notices this but doesn't comment. After all, his fat bitchbreaker of a dick was also way too big for his own underwear, which both the 2nd and 3rd Pilots noticed. Not that any of them made a move of course, but their lustful looks at his massive, 25 inch cunt penetrator was incredibly gratifying. On that part, he's very certain.

"Hey, how about you fuck the shit out of us when we get done fucking up that Angel? Or what, are you gonna go and cry to yourself in your room? Maybe fap and cum?!" Asuka knew precisely the motivation a total wimp like Shinji needed. There was no way she was not going to tease the hell out of him, especially when his Plugsuit did nothing to conceal his body.

For one, his dick was indeed looking quite needy. It was such a big, massive piece of dick, and Asuka knew quite well how to handle dick like his. Ayanami herself was not even too interested in the way the other pilots got to act in such depraved manners; she was always focusing on the mission, and she wanted to keep things that way. Well, that was until Pilot Sohryu grabbed her by hand, and pushed her closer against Pilot Ikari.

"Hey, what's the matter now, huh? You think I don't know you too wanna fuck with him?! And especially when you got such big, dumb, massive, round, milky, fat, juicy… dumb tiddies! You're such a fucking cow, and you should put those udders to good use!" Asuka was so jealous that an emo-like bitch like the doll was gifted with such perfect cow milkers. It was so unfair! Why was **SHE**, the fucking hottest girl in town, not packing such a perfect chest?!

Rei moaned lewdly at this, though you wouldn't notice it due to how stoic her face looks. Asuka continues to fondle and grope at Rei's doorstopping rack, while Shinji, shy as he was, looks lustfully at Asuka taking advantage of the more submissive Rei.

Eventually though, something snapped inside Shinji, and he proceeds to take Asuka's and Rei's hands, much to the surprise of both, and drags them forcefully towards the changing area.

"H-Hey! What's the big idea?!" Asuka squeals out, though she wouldn't admit that seeing Shinji be so dominant and take charge of not only herself, but Rei?

It turned her on so damn much~!

"Pilot Ikari only wants to complete the mission as soon as possible." Rei replies, though she's also slightly turned on at Shinji taking charge of the two of them as well.

Eventually, the three pilots reached the changing room, which Shinji enters while dragging the 2 bitches along with him. Then, he slams Asuka to one of the lockers, much to her gasping surprise, before kissing the uppity half-German slut's lips hard~, no longer holding back how much he wants to claim the bitch in front of him for his own~.

Fuck! Asuka was so much in surprise at the way the dumbass was acting, but she loved it when a dork like him got to act like a man. Sure, he had a nice big dick, but most of the time he needed some good motivation to really get shit going somewhere! And now she was seeing more of what she wanted to see, the way Shinji got to grow like a beast and claim his bitches for himself.

Oh yes, this was precisely what she wanted to see more of! And all while his dick was pressing all against her pussy… Damn it, she loved how fucking massive that thing felt. She had seen plenty of dicks back in Germany and they were pretty big, not gonna lie. But they had nothing going for what that dumbass was packing!

Asuka moans as Shinji's kisses and groping grew rougher, her thoughts going to darker paths that were completely against her own countrymen. After all, they were total shrimps who deserved to be cucked good by some alpha. She hated to admit it, but Shinji was precisely the sort of man she wanted, even if he was still a few pages away from where she wanted him to be.

And then there was his kissing… Oh fuck. Asuka was getting wetter the more she felt that strong, dominant tongue all over her mouth, the way his muscle was moving all over hers. Now this was one of those rare occasions where she felt so weak, so easy to be pinned down all over the floor and get fucked like the slutty foreign whore she is. Have those healthy, fat balls of his smacking all against her fat piece of booty, making her ahegao like some JAV whore and have her tongue all out of her mouth.

The two of them were practically dry humping at this point, and Shinji was about ready to rip Asuka's clothes to shreds to pile drive the bitch for a breeding session. However, a tap on his shoulder caused Shinji to turn around, and immediately lose all reason.

After all, seeing Rei looking at him with such innocence while wearing the incredibly lewd NERV plugsuit was enough to immediately arouse his mating instincts! Shinji stops kissing the already insensate Asuka, who pouts at Shinji stopping her kisses. However, seeing how lewd Rei looked on her plugsuit, she can completely understand. After all, Rei's built like a fucking fertility goddess from an ancient era civilization, and her plush, lewd curves are more than enough to arouse any male, especially a now revealed alpha male like Shinji who's coming on his own.

Asuka, seeing that she's gonna be ignored for a bit, smirks as it does give her time to wear her own plugsuit. After all…

'Rei's not the only one who has a dynamite body fit for breeding~.' She thinks to herself, groping her own fat titties and moaning while Shinji devours Rei's lips and starts to grope and sexually harass the innocent 3rd Pilott.

It was just too hard to resist any primal, brute desires when faced with such a fucking top-tier babe like Ayanami, Maybe she was mysterious and all, maybe she looked like some bluehead Mash Kyrielight, but she was so sexy, so ideal to fuck all night and day long until his dick was sore and that fine pussy of hers is filled to the brim with loads of thick, virile sperm. He wanted to breed her so much, but alas….

They had some work to do, shit. But he wanted to fuck so much. Yeah, maybe once they were done beating the shit out of that Angel they could all go head back home and get to do some proper fucking. For now, some good kissing and groping would be ideal, and damn was she so fucking addictive to play with, with those heavy, colossal udders of hers looking so ideal to smack and suck.

She had gotten her Plugsuit up while he was harassing and playing with Asuka, and damn did that thing do nothing to hide just how fuckable her body is. She was like a goddess of fertility given human form, and there was nothing that would truly stop him from getting to claim that sweet pussy of hers, damned be those Kaiju-wanna be Angels. His dick wanted to clap all over her booty, to mark it red with the mark of his thick, fat cock on each bootycheek~.

Shinji reluctantly stops molesting Rei, and proceeds to open his locker to wear his plugsuit. Eventually, he manages to wear his plugsuit properly, though his fat bitchbreaker needed to run through one of his legs due to how MASSIVE it was~. The sight of a huge bulge tenting his plugsuit caused Asuka to moan sluttily~, drooling at the thought of that massive fucking cock turning her insides into a beaten mess which she deserves~.

They then proceed to the hangars, where they went inside their EVAs to start their mission, promising in their minds that they WILL continue their sex escapades after they beat the angel to death.

Shinji in particular, was incredibly horny when he started his EVA, and his current state is evident of this. His Sync rating was unusually high, at around 80% when compared to his previous sync rates which wasn't standard. Most would attribute this to him being unusually motivated.

Misato, Maya, and Ritsuko though? Who saw his massive log of a dick about to rip open his plugsuit if the slightest provocation allowed it? Well, they kept quiet, but promised to themselves that they'll ride his fat cock up and down until they get bred like fucking breeding factories.

It's not like some shit would go wrong, right? The Pilots had already taken care of plenty of Angels before, so it's like not this new one would be something out of the ordinary, right?

Soon enough, the EVA Units were all ready to go, and Misato could only grin as she admired the battle machines soon making their way up to the surface. Oh, she was going to fuck with Shinji so much once he was back, and there was no way that adorable boi was going to be walking once she got done with him! Ritsuko could only tell her friend was quite eager to act like a total slut, and she knew her session with Commander Ikari's son would be much better.

The three EVA Units were soon on the city's surface, and the scanners were showing, much to the pilot's surprise, nothing. Now that was something out of the usual. Angels often came up in wild and different ways, but they all had one weakness that could be exploited. But now this… Where could that thing be?

"Huh? Where the fuck is this thing?!" Shinji could hear Asuka over the intercom, and he could feel the same as well. Now he was worried this new Angel would be the hardest to deal with thanks to the fact it was nowhere to be seen, but he was hoping they could still manage to take it down. After all, what's the worst that could happen? That it would sneak all over them out of nowhere and suddenly attack them?

"Shinji, watch out!" Then he could hear Misato's voice as well, and he knew some serious shit was about to go down, especially thanks to the urgent, panicked tone of her voice. Oh fuck.

Suddenly, something slammed on the back of Unit 1, causing Shinji to stumble. He could also hear the screams of the other pilots (Asuka mostly. Rei is just stoically trying to react but failing), before a dark shadow enveloped his vision.

Misato and Ritsuko could only stare at the screens at the control room, and they had a feeling some serious shit was about to go down. Every single time some geometrical Angel caused a mess, they knew it would be one hard to take down. And all of this was happening just as Commander Ikari had to leave town…

(Meanwhile, Gendo Ikari looks back towards Tokyo 3 while on his vacation and shakes his head, sipping another pina colada as he does so.)

"Oh fuck! Let's go beat the shit out of it now!" Asuka shouted over the intercom, and then Unit 02 began to make a run for it, and soon reached one of the weapon stations contained over one of the many buildings that made up the fortress city. Once the container opened up, Asuka took hold of a few rifles, and she knew precisely what had to be done, as she took a good view of the colossal, circular Angel.

"Heh, this dumbass thinks it can beat us all in a fight?! Let's go!" Asuka then began to shoot all over the Angel, and then… it just disappeared in the blink of an eye. Holy shit, what. Now that there took them all by surprise, as Shinji knew this shit was not going to be easy. Just what sort of plan would Misato take upon the situation?

Before he could join Asuka and make a run for it as well, Unit 01 got stuck on something. What the hell? He pushed the controls to make the mechanical being move once more, but it did absolutely nothing. He tried once again, and the same result came up as well. He looked over, and Ayanami's EVA was the same as well, standing still as if making a pose.

"W-What the hell!?" Asuka growls out in comms even as Shinji tries to move his EVA again. "Why aren't our EVAs moving!?"

"Shinji! Something's happening!" Shinji hears Misato's frantic voice on the comms. "Try and use your AT Field to fight back! You need to use your-!"

Suddenly, a light flashed, and Shinji knew no more.

When Shinji finally opened his eyes, he's still inside Unit 01, though there's something a bit wrong. Specifically…

"Why is my dick out of my plugsuit!?" Shinji squeals out, before clamping his hands to his mouth as he can't just say something like this while still in comms.

However, no reprimand was given, as if…

"Wait, why can't I talk to Misato and Ritsuko on command?" Shinji mutters to himself as he continues to fiddle with his EVA. He also can't see outside his EVA as well, almost as if the whole thing is deactivated. He KNOWS he's still inside Unit 1 due to the feel of LCL in his body as well.

And then he could hear something… It was, Asuka? Oh fuck. And then more he listened to the whole deal, his desire to breed activated.

He could clearly hear Asuka moaning out like some fucking bitch in-heat, the type of whore who moaned out when she had some good dick nearby. What could be causing her to act like

a total slut? Was she fapping to the idea of fucking that fine dick of his? Yeah that made sense, he knew the foreign babe loved to take a good look at his dick back home.

But the more he heard her whorish squealing, the more he had a feeling something else was going on.

“F-FUCK! What the hell are you doing to meeeeeeee~!” Asuka shouted like she was in one of those tentacle JAV movies. And then, somehow he could now have a better look at what was happening, as his cockpit’s screens turned on to show him something that triggered his inner beast even further. Holy fuck.

He was not taking quite a view of both Ayanami and Asuka getting covered up by a massive group of tentacles, all looking translucent and glowing with a pure white color. Holy fuck, and he could even see that chesty bluehead blushing in a way that made his dick want to explode, the sight of those tentacles holding her massive udders was just too fucking perfect, squeezing those JAV bitch orbs like they were its playthings.

The sight of HIS two bitches being molested by massive tentacles, groping their lewd, fucktoy bodies hard, caused his own bitchbreaker to grow even harder~. Something that the Angel noticed, since a tentacle suddenly swallows his own dick!

“W-W-What!?” Shinji moans out, before something triggered in his brain, and he can now FEEL the sensation of the tentacles molesting Asuka and Rei~. As if HE’s the one who’s tentacle groping and molesting the two fucksluts even when he’s not actually with them~.

The sheer dissonance of this was enough to make Shinji cum hard on the tentacle sucking his dick~, but it didn’t stop there~. Now that the Angel had its cum, its now ready to make use of it to increase the molestation that it's doing to Rei and Asuka~.

Suddenly, the portion of the plugsuits that cover Rei’s and Asuka’s pussies and asses were ripped to shreds by the tentacles, before a MASSIVE pair of bitchbreakers (that look like Shinji’s cock, BTW, causing the two sluts to moan in preparation for their eventual fucking~), impaled their holes without mercy~! Causing them to squeal sluttily and spray the cockpit of their EVA with their cunny juices~.

It was such an insane sight, and he could only wonder what could happen next, as he admired how those two whores were moaning out. Ayanami for sure had the better ones, she truly sounded like she could make a living out of shooting some perfect JAV here and there, and her obscene, massive udders were shaking all over the place the more the tentacles moved against her body.

Fuck, he really wished he could be those tentacles to wreck those cunts. He wanted to slide his shaft all the way into those cock-sucking holes, and most importantly, he truly wanted to have some fun as well! No way he was going to sit around and just watch the fucking going on! That Angel was truly evil by not letting him get his fair share of bitches, not letting him get any pussy….

But then, things got a bit more interesting, as he then looked around his cockpit and… He saw a good deal of tentacles coming down, and he would have been scared to death, and they

been actually threatening him in any way. He looked at them, and holy fuck, they were… the tips were shaped like pussy?! Oh shit. This Angel was probably reading his mind or some insane stuff like that. Now he wanted to breed some good tentacle pussy.

Immediately after thinking this, the tentacles start to lick and suck at his cock~, with 2 of the tentacle pussies cradling his fat nutsack, while a third tentacle pussy was about to swallow his bitchbreaker whole. Shinji moans at this, before noticing something weird.

"T-There's tongues on those tentacles?!" Shinji exclaims, before moaning as the tentacles swallow each of his balls whole, massaging them using the tongues as if they're lips suctioning each nut for his pleasure~.

However, that's not all he noticed~.

"Oh noooo~! Why am I tasting thiiiiiis~!?" Asuka squeals in her own cockpit, as her tongue lolls out and acts as if she's lathering and massaging something round and spherical~. Rei did this as well. But in her case, she's blushing furiously, and seems to be doing the whole thing more enthusiastically~.

Ayanami herself was feeling confused by everything that was happening around her. How could she defeat an Angel like this one? The more she saw those nasty things moving around her, she could feel something deep within her awakening. It was the same sensation she had when she wanted to do something pleasing with Pilot Ikari; oh no. How could she resist the urge to get used by one of those things?

Her tongue could only lick that one tentacle against her face, and it tasted quite strong. Oh dear, it was like… it was like getting to work with a penis?! It was different from everything she had ever seen before, not even Pilot Ikari tasted like this.

The Angel was feeling it. It was feeling that one side of Humanity that it has been tasked to explore, to find one weakness to be exploited and get to be abused until the merge with the Creator of Life was achieved. Oh, humans… the Offspring of The Mother were something fun, they had an active desire to mate, to have the most perverted of sexual activities with each other until they reached the total and ultimate pleasure that was promised at the end of everything.

And to ensure they could get even further down into the depraved acts. A good bunch of the tentacles then moved further into the EVA Units, and they were opening up to reveal a few needles. Shinji could only observe what was happening on the other battle machines, as he was wondering just what this new Angel was up to. Holy shit, was it going to kill them?!

Luckily for Shinji and the rest of the pilots, the needles didn't actually kill them. Unfortunately for Shinji and the rest of the pilots, they're going to experience a lewd hell of pleasure instead~.

The needles start to prod at the girl's tits, nipples, and clits, causing them to squeal audibly and spray the EVA cockpits they were on in feminine juices~. Meanwhile, Shinji's needles were injected into his balls, causing him to groan audibly, before his eyes widened as his fat cock went into overdrive!

His balls were producing sperm! Lots of sperm! So much sperm that it feels like he could breed a million women with one cumshot! Shinji groans at this as his balls felt heavier than they were before, bloated as they are due to the sheer amount of cock cream that they were producing to breed the next generation of studs and bitches~.

He looked back towards the sight of Rei and Asuka, and his eyes widened~. Why? Because the already stacked bitches were now even MORE stacked! Their fat tits have ballooned to the point where it was VERY clear that they were filled with so much titty milk! They can probably feed entire Third World Countries with the amount of titty juice they have on those milkers!

Their asses were also enhanced as well! And they looked so phat, that Shinji's pretty sure they'll wobble mightily if he slaps them hard! Oooh~, he wants to slap them phat asses so much~. Shinji thought in his head, blushing mightily at the thought of having the two enhanced pilot fucktoys slobbering around his dick even as he slaps their bodies for his pleasure~.

What Shinji didn't notice though (given that his bitchbreaking dick was currently being deepthroated by a tentacle cunt), was that his dick ALSO got a major upgrade. It's now longer and thicker than what it was before~, and due to how big it is, any bitch that sees it would turn into a size queen at the sight~.

Oh, now the Angel was noticing something particular about this one human male. For one, there was an intense, powerful desire in this male to breed, to get to use his sperm and breed some human cumdump and to make sure his bloodline keeps on expanding all over the world until he was some fucking KING.

Now that there was something interesting. The Angel knew not enough about human nature, but the fact that just one male already had such ambitions could mean a few things to get its own plan started. Oh, human females were quite breedable the more the tentacles got to check his DNA. The desire to make a… bitch, a bitch to carry runts was intensifying the more the moaning of those sluts was heard all over the EVA Units.

And there was one way to keep on using this human boi, allowing him to continue his mission while also giving him what he wants~…

Shinji groaned as he felt his balls growing, the sperm production now reaching levels beyond what was humanly possible. The young pilot wanted something… Deep inside his most perverted, debauched of thoughts, he wanted to slam down that fat ass Asuka had, he wanted to smack it with his hands until it was red and his hands were marking all over each round cheek of hers, and get that fat pussy of hers totally ruined.

He wanted to fuck Rei as well~, to see that stoic, but encouraging gal ahegao around his dick even as he sucks on her titties and slam his massive cock up her cunt! To utterly claim her fertile fields for his own to breed babies with! Her fat ass also needs a good pounding as well! The wobbling asscheeks practically calling for his hand to spank the ever living FUCK out of them even as he turns her cunt into his personal breeding hole!

Fuck, he wanted to fuck a good bitch so much! Even Dr. Akagi, no matter how much she tried to keep her act of a professional, was also not against getting to look like a totally fine slut, as he could remember quite well how the first time he saw her, she was doing some sort of competition with Misato on who was the most breedable bitch, as she had some fucking slutty swimsuit doing **NOTHING** to conceal those wide hips of hers, hinting at some massive piece of ass~.

And Misato. Fucking. Katsuragi. Misato. Just…

FUCK, that bitch's sex appeal was way too high! The moment Shinji saw the picture she sent him when he first arrived at Tokyo-3, he wanted to bend the bitch over, rip out his pants, and IMPALE her cunt full of his bitchbreaking dick until she's squealing like a bitch on an alleyway! He wouldn't stop until she's fucking filled with so much cream filling that the moment they get back to the Geofront she'll be thoroughly bred with twins or quintuplets!

Hell, Shinji doesn't even CARE that an Angel was attacking during that point, he just wanted to fucking BREED the fertile bitch in heat that was driving the car! She was fucking lucky that the N2 bomb hit when it did or else she would be bent and bred over and over!

The ONLY reason why Shinji hasn't fucked Misato was that she was his superior officer, and it IS a bit unprofessional to fuck your superior officer. But now?

Fuck no, Shinji's tired of Misato being a flirty fucktoy who doesn't put out. The MOMENT the Angel's dead, or whatever it plans to do to him has passed and the danger's gone, Misato's gonna fucking **GET IT!**

All while Shinji was lost on his train of perverted, lewd thoughts, the bitches were busy moaning and getting wet, as their cunts were being used for the most mind-breaking pleasure that any being could ever give. Holy shit, Asuka knew Angels were insane beasts, but this was just beyond anything she'd ever expected! Oh shit, who knew they actually had some fucking good taste even?!

The redhead babe had been training for so many years, that the mere idea of an Angel actually knowing some shit about what made a girl look so hot was just NOT what she was expecting at all. Asuka could only grin, as the cockpit's screens were now showing her, and holy fuck, she had gotten EVEN BETTER looks than what she had before; she knew she was the hottest piece of ass around town, but now? Oh, she was going to beat the hell out of any slut who got on her way!

Maybe this Angel could be worth keeping around as some pet, yes… Asuka would look so fucking hot dressed up as some queen, keeping one of the most dangerous creatures ever as her pet would be quite the power trip. She could destroy any slut who bothered her for one, maybe even have that dumb Kaiju wanna-be fuck some bitches into total submission and give them bimbo bitch looks.

Ayanami herself was feeling truly in heat. She could tell that inner desire of hers was growing even more, she could feel her most wild, sexually charged of needs. She wanted Ikari… She wanted to show that foreign, bitch redhead who was the one who could please him the best! For one, and most importantly, she had the bigger, more massive chest, and she knew that any

female who had such…. such udders were more fertile, the one who could carry more offspring and to keep on being fertile.

Sure, Asuka had the bigger ass, and those hips of hers were signs of how much of a fertile bitch she is, but Rei can DEFINITELY compete against Asuka for the lewdest body in NERV~.

Seriously though~. Its not as if Rei would be so cruel as to stop Asuka from being fucked by Shinji's dick~. Rei thought, as her cunt and ass were being destroyed by tentacle cocks alongside Asuka~. After all, Shinji deserves to spread his seed towards every bitch in the whole fucking planet~. From the various NERV sluts, to even his female schoolmates~. Rei will not begrudge Shinji's male primal desire to breed as much as possible~. It was simply in his instinct to fuck as many sluts in order to spread his lineage~.

At those thoughts, Rei moans lustily, before her pussy gushed out a lewd fountain of juices as the image of Shinji being surrounded by many pregnant women~, moaning and squealing as they're cumming hard around him, was enough to bring her to orgasm as well~. Unknown to Rei at this point though, the connection that she has right now with the Angel also extended to the various clones that she had in the depths of NERV. Unknown to Gendo, ALL of the clones now have the order, nay, the DESIRE, to be bred by Shinji's MASSIVE bitchbreaking dick~, to be his submissive fucktoys for as long as Shinji wants them~.

But that's a story for another time, let's go back to the rest of the pilots, eh~?

Ayanami was now getting one lewd, perverted tentacle wrapping around one of her massive tiddies, and she made one lewd, girly moan as she felt that thing just squeezing those heavy orbs of hers. Heavens above, she wanted to get so much sperm into her tight cunny, she wanted to be fucked, used by some nasty big dick! She wanted more, she wanted to cum and have more tentacle dick all the way down into her holes.

The blue-head bitch was feeling satisfied because as soon as she was done thinking about all the things she could get to do with some big, meaty, mean, veiny, shaft, one massive and powerful tentacle then moved down between those juicy, pristine thighs of hers; it was quite clear Ayanami was not having some massive badonk as Asuka, but she still had plenty of a chubby backside to get one hand down. And she wanted Shinji… Ikari, she wanted him to play with it, she deserved the chance to be given some smacking!

The Angel however, had a few other ideas in mind, as the tentacle-cock then began to make its way down into that soft, tight cunt of hers to give her some rough, mind-destroying fucking. The kuudere whore moaned out into the heavens as she felt that massive shaft making its way down, as she could only spread her legs to give the Angel some more space to allow itself to get even further into her body.

Asuka was in not a much different position, as she was getting one nasty tentacle into her mouth. Oh shit, now this was something she was NOT prepared for, she had seen plenty of videos around where some sluts had gotten massive dicks down their throats and fucked them into oblivion, but this? Holy fuck, this was even bigger than Shinji! How could she even get the whole thing down?! She was struggling, coughing the more it tried to push further into her….

Her eyes widened as the tentacle dick actually got past her throat! The sheer indignity of a tentacle cock using her slender throat as a personal pocket pussy was so humiliating! Asuka starts to gag around the tentacle dick fucking her throat~, thrashing and moaning around it even as her fat tits and ass were spanked and groped by the other tentacles~.

However, the pooling heat that was welling deep inside of both bitches was starting to expand to the point of delirium~, and the two bitches cum hard~. Asuka from the throatfucking she was getting, and Rei for the pussyfucking that the tentacles were giving her~. The two bitches convulsed, their bodies twitching and spasming as their pleasure centers were being assaulted, their brains frying as they ahegao'd like the bitches they were~.

Shinji feels all this~, the feel of their lewd bodies being transmitted to his bitchbreaking dick~. Still though… for the horny young man?

it wasn't enough~.

"I wanna feel ALL their holes!" Shinji howls out~, his own cock twitching angrily on the tentacle cunny that's currently being used to 'Nurse' it~. "I wanna feel their cunts, asses, and mouths on my DICK! Then fucking BREED their holes with my seed until they're preggers and bloated!"

The Angel, hearing this, was ecstatic! This means that the male pilot was probably amendable to the deal that it's going to give him! Still, it wouldn't be a good host if it doesn't oblige, eh~?

At those words, the two pilot bitches gasp~, before several tentacle dicks began to poke and prod at the holes the tentacles haven't fucked yet~. Rei, not even hesitating, opens her mouth and relaxes her ass~, allowing the massive tentacle cocks to impale themselves on her bodies~.

Asuka however…

There was no way in hell, however, that she was going to let this dumb Angel wreck her pussy with such ease! Oh, she wanted to rather get some Shinji sperm first rather than get the stupid, alien sperm from some Angel. She wanted to fuck an Angel ON HER terms, not whichever that dumb beast had on that inferior, weak mind it had. She would rather get those tentacles worshiping her rather than her getting to simp for some fucking dumb beast!

Asuka then moved her body a bit away from those incoming tentacles, as she had a playful grin all over her face. "Oh, you wanna fuck me?! You gotta earn it, bitch!" Asuka shouted, as her mind was just nor broken enough to get fully corrupted. The Angel could only make a (barely audible) growl, as it then began to send a few more tentacles on the way of EVA Unit 02. The mechanical being was fully in place, much like some figure on a stand; the redhead wished she could still get a chance to take down the Angel, but that could wait a little bit, because….

The big ass whore was thinking of a few ways to claim her victory. Had this Angel gotten any face, she would be sitting all over it, pressing those massive cheeks of hers all over it and grinning the whole time like some fucking idiot. Why would she allow herself to get fucked

up by some dumb Kaiju?! She was Asuka Langley Soryu! The best EVA Unit pilot the whole damn world had ever seen! There was no way she would get—

Before Asuka could fully indulge in her usual power-tripping fantasies however, one lucky tentacle had managed to get into her fat, plump pussy, and the girl got back to reality when she felt that massive thing into her body. Holy fuck. Asuka was in absolute shock, speechless at the bold move of the Angel. And there was nothing she could do about it now, as she had just given up on any chances to resist any moves.

The two bitches moan like the fuckwhores they were~, spreading their legs wide as they finally submit to the tentacle dicks fucking their bodies~. Well, Rei did faster than Asuka, but Asuka has finally accepted her place under the tentacles~.

Shinji, feeling the sheer pleasure of the holes that the tentacles are fucking, groans at this, before thrusting upwards, and FINALLY cumming~. The MASSIVE load of cock sludge that he was holding back finally being allowed to spray paint the tentacle cunt he was fucking at the sight of Rei and Asuka being triple penetrated~.

Shinji's balls actually contracted at this, causing Shinji a bit of pain, but the pain was completely eclipsed, and even enhanced the sheer pleasure of his cumshot~.

Shinji thought that the cock cream he sprayed into the tentacle cock would be lost forever. His soldiers are being sucked by the Angel for who knows what. However…

The Angel had other plans~.

The eyes of the other pilots widen, as massive bulges start to appear on the tentacles that were fucking their holes~. Asuka in particular was restarting her struggle to get free, but to no avail~, as the deluge of cock cream that Shinji was fermenting in his balls finally made their way to the holes that the tentacle cocks were fucking~, spraying the two bitches with his hot seed~.

The Angel was having the best time ever, getting to use those horny, totally idiotic human beings to get what it wanted. But there were a few more things to achieve perfection in the plan, because this Ikari, this human… There was something that could totally be of further use, and it had the perfect idea to push him to the limit.

All while the girls were moaning like some dumb JAV whores, their cunts leaking cum all over the cockpit's seat; Ayanami for one, was like one of those top-heavy sluts, those udders of her shaking like they were made out of jello, so ideal to grab and suck, get those things moving all over the place and shaking to see them sway like the perfect milk tanks they would become eventually.

Oh, and then there was Asuka….

She was truly a ruined bitch! Asuka's perfect hair was covered upon layers of thick, potent Angel sperm, and most of all, she had gotten one fucking big humiliation. "F-Fucking bastard… I'm g-gonna destroy you…" She groaned out, as she was humping into the air, a massive load covering one side of her face, barely having her right eye open was there was

still plenty over that side of her face, yet not enough to fully blind her by the perverted liquid.

And Shinji himself was seeing the stars… He's never fucked something this intense, not even Asuka could trigger something deep within to unleash his most degenerate side. For one, that tentacle-pussy was so perfect, like fucking some onahole. He wanted more of that, he wanted to slam down his dick into pussy….

"And you'll get what you desire."

Shinji was so lost in the pleasure that he'd thought maybe he was in some sort of horny hallucination. Huh? A female voice, inside his EVA?

Shinji blinks, and the moment his eyes open again, he's in a surprisingly comfortable hotel room overlooking Tokyo-3. His eyes widen, and he turns around, before his hard bitchbreaker got so hard, he sprayed a small spurt of cum at the bitch in front of him.

Long gray hair framing a heart-shaped face with ruby orbs gazing at him emotionlessly. A body fit for war, slight abs showing on her stomach, biceps that can be seen even though her arms were thin, and thighs that can crush a man's head. However, said body was also made to be ***fucked~*** .

Fat tits the size of Shinji's head. Hell, they were bigger than REI's, and that's saying something! F-cups to be exact~, and perky as all fuck as well with lewd aerolas and three-inch nipples already hard and ready to be sucked~. Her hips were so wide, they're practically handles for someone's hands to hold while fucking the ever living SHIT out of her~!

Seeing Shinji eying her body, the bitch seems to understand that he wants to see EVERYTHING, and turns around slowly, and bends over, spreading her legs wide and presenting her fat ass and puffy cunny to Shinji's awed eyes~. The bitch's ass was so fucking massive~! It was several cakes and Shinji couldn't WAIT to partake in it~. He can probably throw a coin on said ass and it'll fucking bounce the moment it makes contact~!

Shakily, Shinji approaches the bitch spreading her legs wide in front of him, raises his hand, and delivers a VICIOUS and MIGHTY slap on the badonkadonk in front of him! The bitch moans sluttily at this, and shakes her ass side to side~, tempting Shinji to deliver another slap~, which he did~. Again and again he slapped the whore~, with said whore moaning and squealing like the bitch that she was deep inside~, before Shinji stops.

"So, uh, who are you?" He asks, looking at the bitch critically, even as his bitchbreaker cock throbbed in desire to finally fuck a slut proper~. The slut in question was, of course, cumming her brains out due to the dominant and pleasurable ass slaps that were delivered in her sore tushy~.

"T-That's not for me to say, Offspring of The Mother…." The woman had that sort of slutty, dominant tone fitting for a total dom, but the way she moaned every single time he moved his hand against that fat backside of hers just undermined the whole act this whore had been going for. Oh, Shinji loved some fucking whores of that tier, Dr. Akagi was the same, being a complete slut below some layers of seriousness.

“Huh? What the hell does that even mean, bitch?! I wanna fuck your pussy so much, so unless you want my dick, you better start talking, and fast!” Shinji knew his way on how to get some bitch on line, however. There’s no chance in hell he’s not getting any information on this mysterious bitch.

The babe looked quite hesitant on saying something, however. Huh? She had been acting like she was the hottest thing around, and it would be quite funny if she turned out to actually be some shy whore, who got wet at the mere foreplay. He did want to get her wet, maybe that would make things easy. She did remind him a bit of Ayanami, having odd-colored eyes and looking more like she would fit quite well in some hardcore JAV movie, all about getting that massive piece of ass slammed down against the floor.

He then noticed he was sitting on a large bed, enough to have him and the babe perform all sorts of primal acts, and he grinned. Oh fuck, that bed was NOT going to last if he could claim her cunt, and she was just looking like she was **RESISTING** giving up and telling him all he needed to know. A hard to break slut, huh?

Shinji’s eyes narrowed at this, before he forced the slut to the bed, much to her squealing surprise, and placed his fat cock in between her thighs~. Moaning at the feeling of the bitch’s thighs around his cock, Shinji didn’t waver, and started to spank the ever living FUCK out of the bitch’s ass again and again~, making her squeal sluttily and cream his bitchbreaker with her juices~.

“I won’t ask again. Tell me who you are, and I’ll fuck you the way a bitch like you fucking deserves!” Shinji growls out, continuing his spanking spree of the bitch’s tushy~.

Said bitch continues to squeal whorishly, raising her ass high so that Shinji can keep ass slapping her while giving him room to pleasure his own dick with her thighs~.

“Ireul~! Ireul~!” The bitch squeals~, though the fact that the name of the bitch in front of him was the same name of the angel caused Shinji to stop his ass slaps for a bit, before shaking his head and continued slapping her again~, making her squeal sluttily~.

“You’re the Angel that we have to kill?” Shinji growls, but keeps his promise, lining up his fat cock and impaling the bitch’s cunt with it~, causing her to squeal harder as Shinji starts to fuck her in earnest~. Not that he stopped slapping her fat ass, but he’s also groping the obviously fat udders that Ireul has at her disposal~, squeezing the tits in sync with his thrusts to BREED the obviously cum hungry whore in front of him~.

“Ish mah Misshohn~!” Ireul moans, not even hiding it anymore~, the Offspring- no, at this point, this mortal deserves to be called his own name~, Shinji’s dick was forcing Ireul to reconsider everything~. She wants to see him rise to the top of his race~, to breed every bitch he wants~...

She wants to see him ascend~. So she lies~.

“Ahm shupposhed to gif a dehl~!” She squeals~, spreading her legs wider for Shinji to fuck her with even more force~. “Ahl gif yuh powuh~, yuhl bhreedh bhetthehr humans~!”

Shinji was, however, feeling something was up when he heard those words. Oh, no fucking way an Angel, the one type of being obsessed with wiping humans off the face of the Earth, would give HIM, a human, the chance to fuck other humans. It was just sooooo convenient, as if this Angelic bitch wanted to avoid him knowing more.

Or maybe he was reading too much into it.

“Huh? You said you wanna see me breed bitches? Heh, I like that. But… I wanna make a deal with you…” Shinji grinned; there he was, in some sort of simulation world where anything could happen, and if he wanted to get some bitch wet, and fucking pregnant, he would get it. It was quite something to see an Angel actually being some sexy, breedable whore, and he was not going to waste this golden chance to fuck her until she was his obedient bitch.

“Well, how about we fuck?! I suppose an Angel would like to see what humans got….” Shinji was going to be so rough here. No chance for this whore to even get something vanilla, oh no, Angels were beasts, and this fat ass whore was going to get the fucking of a lifetime. How old was she? Centuries? Multiple millenia? Whatever, she probably had never fucked before, and he was quite honored to be the one to destroy her AT Field and ruin that cunt forever for any other stud~.

Grinning savagely, Shinji didn’t hesitate, and continues fucking Ireul with a vicious mating press! Not even stopping to take a breath or pause for positioning! He slapped her fat tits, kissed her lips savagely, and overall, did his level best to **DOMINATE** and **CONQUER** the Angel bitch in front of him!

And she’s enjoying every second of it!

“Yesh~! Fuhck mheeeeee~!” Ireul squeals out whorishly, her eyes rolling to the back of her head even as she sprays her own body with her lewd juices~. Shinji proceeds to roar out in triumph, before finally cumming hard inside Ireul’s cunt~, painting the bitch’s pussy and womb white with his seed in the process.

Shinji pants for breath, the sheer effort of bending Ireul to his will was enough to exhaust him. Ireul, seeing this, smiles, before kissing Shinji, and a white light bursts forth, and he knew no more.

Back with the other pilot whores, they were getting ready for some brutal dicking, especially as the owner of said tentacles was getting the breeding of a lifetime. Ayanami was in pure orgasmic bliss, as her tiddies were getting smacked like boxing bags. The blue-head whore was just getting the best sensation ever, like she was reaching the most pure feeling of degenerate desires.

Asuka for her part, was feeling like she’d been totally humiliated, she had never expected some fucking dumb tentacles to get over her. How was it possible?! She had trained her whole life to defeat such a beast! But there she was, getting one nasty ahegao after another, her big, plump, juicy piece of ass getting fucked by a massive amount of tentacles, making her look like some fucking JAV slut.

And then, things got even more intense, as the one real, definitive climax was about to begin.

Shinji wakes up from the spirit fucking he gave to his new angel bitch, and groaned as his dick got deeper into the Angels' fine, tight currently tentacle pussy. It was insane! He had no idea a fucking Angel of all things could be so ideal for breeding. but that was making him wonder if there could be other bitches like her, beasts with human forms he could wreck for hours until their cunts were filled with HIS sperm, and turning into an ahegao'd mess, begging for more sperm~.

'If that's what you want, Master~.' Ireul purrs in his mind, her heavenly voice music to his ears even as he felt Rei's and Asuka's hole being fucked hard by her tentacle dicks~. *'If you want~, I can make them be your personal Angel bitches when they descend here~.'*

Shinji moans at this thought, and cums hard on Ireul's tentacle cunt again, making the tentacle dicks fucking Rei and Asuka spray even more loads of semen in their holes~. At this point, Units 01 and 03 were already conked out due to the pilots being unconscious. Shinji, however, was still going~.

"Ireul… We're gonna need to stop soon. Misato and the others will get suspicious…" Shinji groans out, his dick softening a bit as his balls were near empty at this point. Ireul, being the now obedient Angel slut that she is, follows this command, and all tentacles retract back towards Shinji, leaving the three EVAs untouched. The cum that Ireul sprayed to the 2 sluts were also absorbed by the tentacles, leaving no evidence~.

"Shinji! Thank God you're okay!" Misato's voice cracked out on the communicator. "We finally regained contact! What happened to the Angel!"

Shinji hesitates a bit. He **COULD** tell the truth, tell them that Ireul's now part of his soul.

But Ireul's offer was way too tempting~.

"Angel's destroyed, Misato-san." Shinji declares, sighing in feigned relief. Oh, he was quite glad that Angel had been defeated, but Misato would never know *how* , and he could only grin as he knew what exactly had gone down.

Inside him though, both Ireul and himself cackled, the plan to dominating bitches was about to begin~.

It was quite clear to Misato that the Angel had been defeated. She had no idea how, but she could tell something insane probably happened inside the EVA Units, which was why she had ordered the pilots to be taken for analysis at Ritsuko's laboratory.

Misato herself was just now making her way to the room, after having to write down a good deal of paperwork. That was the one thing she disliked about her job, having to deal with explaining what was done in each mission, and the amount of damage that each side of the city received. Oh, but that was done for good now! Once all was done at NERV, she wanted to take Shinji home and have some fu-, have some fun with him.

Once she reached the lab's doors, she got to see Ritsuko, and she was looking quite focused on Shinji. He was on one of the beds the room had just in case the pilots needed some further examinations, and the blonde was in such a great pose that got her eyes locked on her fat piece of ass. Holy heavens, no matter how much that labcoat of hers tried to conceal her sexually charged body, it was impossible.

She goes inside and locks the lab for good measure. After all, they don't want Gendo to interfere in any way with the current examination. Misato then looks at Rei and Asuka, who are currently unconscious and resting in the laboratory's beds, their lewd, bimbo bodies a real comparison to her own, Christmas Cake MILF bod~.

She looked at her own tits and ass and smirked, catching Shinji's eye before giving the teenager a peek of her fat titties and nipples. This causes his fat cock to rise to the occasion, surprising Ritsuko, who gasps audibly at the sight and starts to jerk it off, before looking back at the grinning Misato with a disapproving expression.

"Misato, stop tempting the young man. You know he's a horny fucker who would want nothing more than to fuck the ever living shit out of us." Ritsuko said chidingly, though she doesn't stop jerking off Shinji's fat cock as she does this.

"Aw don't be like that, Rits~. Just LOOK at him~! I think his cock's gotten bigger~!" Misato purrs out, sitting down opposite Ritsuko's and placing her own hand on Shinji's prick, causing the boy to moan as the Major and the Doctor are giving him an exquisite double handjob~.

"Heh, fine. I'll need to run some tests to see what happened to him though. Keep him occupied for me, yeah?" Ritsuko orders Misato, before standing up and walking towards one of her computers. Her fat, skirt and labcoat covered ass swaying seductively to Shinji's eyes.

This…. This was the last straw.

Shinji stood up, and rushed towards Ritsuko! Pushing the surprised bitch to the ground and forcing her ass to be presented to him.

"S-Shinji?! W-What are you doing?!" The blonde was in total surprise at the sudden moves of the young pilot. For one, his strength was something else! How could he have gotten so strong?! She knew piloting the EVA did require some training, but nothing enough to make someone have the same brute force of a bodybuilder.

Unless….

"What's the matter, huh? I thought you were expecting this by now…" Shinji grinned in such a deranged manner, as he then moved one of his hands down to give that massive badonk of

hers a rough, strong smack, causing the blonde whore to make a soft moan. Holy fuck… Now she was having some new thoughts about this development. Gendo was such a fucking weak loser! No matter how much that shrimp-dick man tried, he could never, ever get her this blushing, and this made her want more from Shinji!

Misato was delighted to see all of this; she had always had a hunch Shinji could be a fucking beast when it came to giving bitches the roughest of breeding, and she wanted to first see what he could be capable of doing with her friend. “Awww, Shinji~! Please save some cum for me! No way you're gonna waste all of it with an old hag like her!” Misato was in total slut mode by now, her pussy getting wet the more she admired Rits getting her ass smacked.

Suddenly, tentacles seemed to burst out from Shinji’s back, making the two bitches gasp out before Misato was dragged towards Shinji, who kissed the slutty Major hard~, making her squeal~.

“I may or may not have made a deal~.” Shinji purrs out, causing the two to gasp as the tentacles practically force them towards one of the beds. Specifically. Shinji, being a hidden deviant and massive perv, decides that he’s going to do one of his biggest dreams.

He used his tentacles to also get Rei and Asuka, before stacking the 4 bitches up together, forming a lewd layer cake~. Their phat asses in front of him, ready to be plundered and fucked shitless before being impregnated carelessly~.

“Shinji! You’re showing Angel signatures! Don’t tell me you’re possessed by the Angel you just fought earlier!” Ritsuko squeals out, squirming underneath Misato, Asuka, and Rei, who’s at the very top of the layer cake.

“W-What!?” Misato squeals out, trying to get away, but couldn’t because Ritsuko and Misato have their hands and legs tied up by tentacles~.

“I just made a deal to finally get what I deserved!” Shinji crows out, placing his fat cock in addition to Ireul’s tentacle dicks towards the holes of Ritsuko, Misato, and Asuka. “To finally breed your wombs full of MY seed so that I can prove that I’m way superior compared to that cuck of a man I have for a father!”

Ritsuko was in total awe at such a bold proclamation. Oh, it was quite obvious to her that the young man was already centuries ahead of any regular human male, he was a fucking ALPHA who deserved to breed as many bicthes as he wanted. If there a male around the world who could claim as many cunts as he wanted, that one male would be Shinji.

“Y.You fucking dumbass! There’s no way you’re going to fuck me with your nasty dick!” Asuka then exclaimed after finally regaining consciousness, and Shinji chuckled at the defiant tone of the redhead bitch. “Huh? I thought you wanted to fuck me earlier… No way my powers won’t change your mind.” Shinji knew she was only putting on some act, as even Ayanami was humping all over.

“I-Ikari! P-Please, fuck me! I want your cum~! I want you to fuck meeeeee~!” The blue-head whore was totally broken, she was giving all her desire to get a total hunk like him to fuck her, and if she wanted his dick she was going to get even more than just that. There was just

so much fine pussy around him, and the need to wreck them all was so strong. Where to begin….

'You DO know we now have tentacle dicks, yes~?' Iruel purrs out inside his soul, which cements Shinji's decision. He savagely rips the panties of Misato and Ritsuko, causing the two sluts to squeal whorishly and start to buck their hips in preparation for the hard fucking they will get~. Rei and Asuka were wearing hospital gowns, so their lewd holes were already showing~.

Then, without any hesitation, Shinji plunges his fat bitchbreaker on Ritsuko's cunt! While several tentacle dicks impaled the cunts and asses of Misato and Asuka, causing them all to squeal and cum like the whores they were~!

Seeing this, Rei was saddened. M-Maybe she's not as hot or as fuckable as the bitches below her? But this was immediately replaced by a squeal of joy as Shinji starts to lick and nip at her ass and cunny~, treating her fat behind as a sumptuous feast for him to eat out of~.

Shinji loved some good breedable bitches, and Ayanami was just on that fucking tier of fuckable whore. She was, for one, the one babe around NERV that was packing the most fucking suckable, smackable tiddies ever, not even Misato in all her whore glory could get close enough to match how much of a fuck-doll Rei was. Like fuck, it was as it the fucking Gods above had gathered to give creation to the most perfect whore ever!

And of course, he showed her just how much of a fuck-needed slut she was, as his tongue was moving all over that fine cunt of hers, feeling just how soft it was. Oh fuck, that pussy of hers was like some good dessert, meant to make things sweet and all that good stuff. And of course, Shinji needed something sweet after acting like a fucking beast when he slammed his dick down inside that fine Angel pussy. Fuck, he wanted more, but first….

The blue-head whore kept on moaning louder the more Shinji had some fun tasting that fine vag of hers, as his hands were moving all over her fine piece of ass, smacking it as much as he could with the limited space between bitches. Fuck, he could even hear Misato making some sexy as hell slut growls, the sheer power of how much she wanted his big shaft all the way deep into her needy cunny~.

He also feels the tentacles fuck the cunts and asses of all the bitches on the layer cake~. Asuka in particular, FINALLY breaks on his tentacle dicks~, but only after three of them are fighting on which tentacle gets to burrow itself deep inside her colon~. The mindbroken German/Japanese pilot was now ahegao'd and insensate~, her squeals and moans added to the harmony of the lewd layer cake instrument that Shinji is using~.

Misato and Ritsuko were also mindbroken sluts at this point~, the phat assed, big tittied major and scientist now had their eyes rolled behind their heads even as they beg Shinji to fuck more tentacle dicks deep inside their holes~. Currently there's now five tentacle dicks fucking their asses and cunts respectively. Ritsuko of course has Shinji's dick, but still, Shinji's very confident that they're now ruined for other guys as a result~.

"**FUCK!** Gonna cum now! Take it all, sluts!" Shinji roars out, before each tentacle dick inside a fuckhole, and his own bitchbreaker, bottoms out inside their chosen hole, and sprays

a MASSIVE load of cum deep inside! The bitches squeal out and cum sluttily~, though Rei is disappointed that her own holes weren't fucked~.

Yet.

All the while, those tentacles were wrecking those cunts like they deserved to. Ritsuko would not want more human dick… no, no other dick aside Shinji and his tentacle cunt-wrecking tendrils. She wanted more of that! She wanted her pussy to be ravaged every single day, she wanted to become a fucking impregnated cow whose only desire was to carry runts and repeat the whole cycle every fucking time she was done pumping out whatever load of runts she had gotten into her womb.

Asuka was just demanding more. She wanted the real fucking deal! Those tentacles were nice and all, but she wanted that fucking fat dick of Shinji's deep into her pussy, she wanted to get fucked so much until that dick was all sore! Oh yes, she was going to show all those bitches who was the best at getting that fucking idiot's balls empty!

Shinji moans as he empties his balls on Ritsuko, Misato, and Asuka before looking at Rei. Smirking at this, he suddenly rips out the tentacles and his cock off of the 3 bitches he already fucked, causing them all to squeal, then lifted Rei in a full nelson and start to fuck her ass hard! Rei squeals in pleasure, before said squeal was silenced by a tentacle dick fucking her mouth, while 3 tentacles start to drill their way up and down her cunt!

Shinji growls triumphantly while fucking a squealing Rei and looking at the holes of his conquered bitches, this was going to be finally the chance to fuck all the whores he wants. He's not planning anytime soon on ending his fuck rampage, and that Angel bitch for sure is going to be of quite the great help at claiming all of Japan's whores.

Ireul knew her plan for world conquest was just beginning, and there was more work to do.
